# Featured Areas

**Building 18 Livestock Sale Barn**

Hosting livestock sales at the E-ventplex is nothing new. It's no wonder countless associations and producers have chosen our site to hold their auction. When the gavel falls be sure your sale is being held in the newly renovated Spotlight on Champions Sale Barn. The sale barn has been renovated to provide better lighting, and painted for a cleaner and brighter appearance. The barn is equipped with holding pens for livestock as well as scales certified by the Maryland Department of Agriculture.

**Grandstand and Stage**

When the spotlights shine, make sure they are shining on your event being held center stage at the E-ventplex. What a wonderful place to have an outdoor concert in the early spring or summer or late fall. The grandstand/track seats between 2,976 to 4,365 people. The E-ventplex also has a box office with three ticket windows. If concerts are not what you are looking to feature, the 1/2 mile dirt track is excellent for tractor pulls, motorcycle races, or even rodeos.

## How Can I Reserve A Date?

- Sign a contract
- Deposit 25% of total rental
- Provide the fair with \$500 escrow
- Provide the fair with certificate of liability insurance listing The Great Frederick Fair, Inc. and Frederick Agricultural Society, Inc. as additional insured.

## How Much Does It Cost To Rent The E-ventplex?

We offer the "FAIRest" and most competitive rates in the area. The cost depends on the building(s) or location(s) selected. The grounds are also available for exclusive events. Call for rates.

## Are There Any Additional Fees?

Each client is invoiced for janitorial supplies used, table and chair rentals, concession hook-ups, and house trailer hook-ups and trash disposal.

# When Can I Set-up And Tear-down My Event?

Clients have one day prior to the event to set-up and one day after the event to tear-down. Clients are responsible for the set-up and tear-down of all tables and chairs as well as removal of all trash to specified areas. Larger events are extended a longer set-up and tear-down time.
