FREDERICK COUNTY MASTER GARDENER DAY – 9a.m. – 4p.m. sunday, september 16, 2018

It's the end of the gardening season, and you're bound to have questions (*and a victory or two to share*). Master Gardeners are here to listen, solve, cheer and maybe even interest you in an aspect of gardening you hadn't yet considered, such as Vermicomposting, or a Bay Wise certification for your yard. Join us in the Farm and Garden building, where during the week we'll also have hands on activities for children in the morning and for adults in the afternoon. In addition, our special activities on Master Gardener Sunday are sure to excite you about preparing and planning your garden for the coming year. We love talking plants. Come talk with us.

monday, september 17, 2018
